Practical No 3 : To study web browser and its Developer Tools option

Walchand College of Engineering, Sangli

Department of Computer Science and Engineering

Course : Programming Laboratory-3 Year: 2021-22

Name : Shreyash Suryakant Gaste.

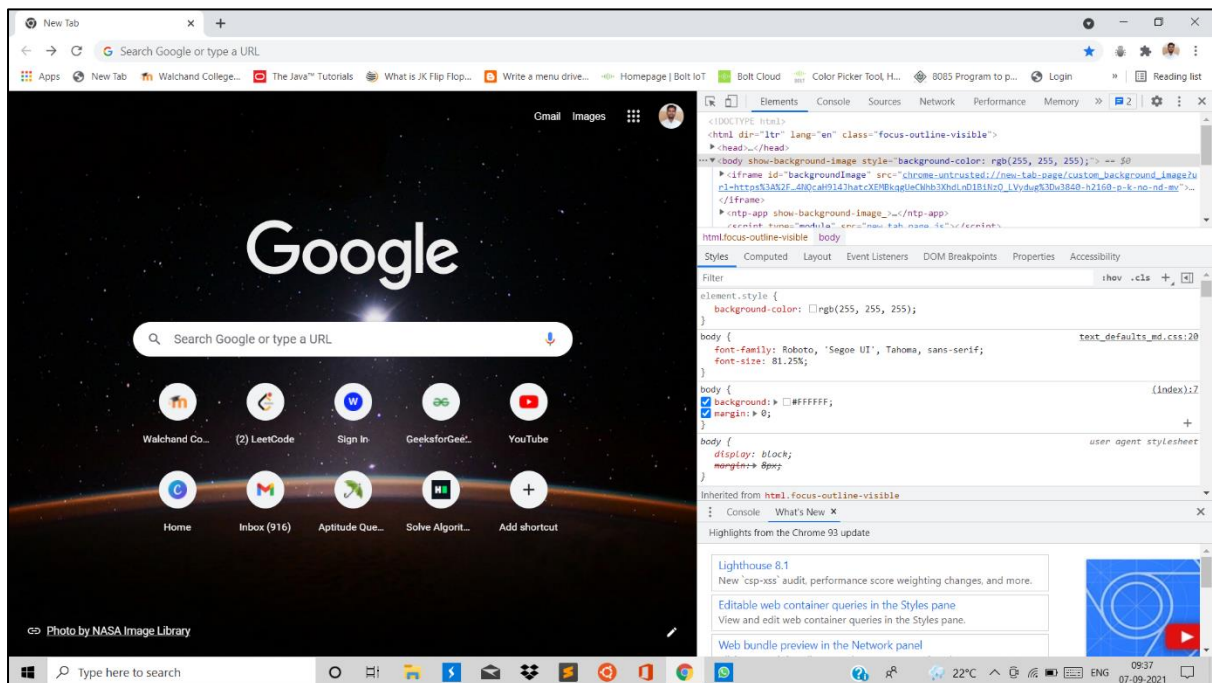

PRN No : 2019BTECS00025

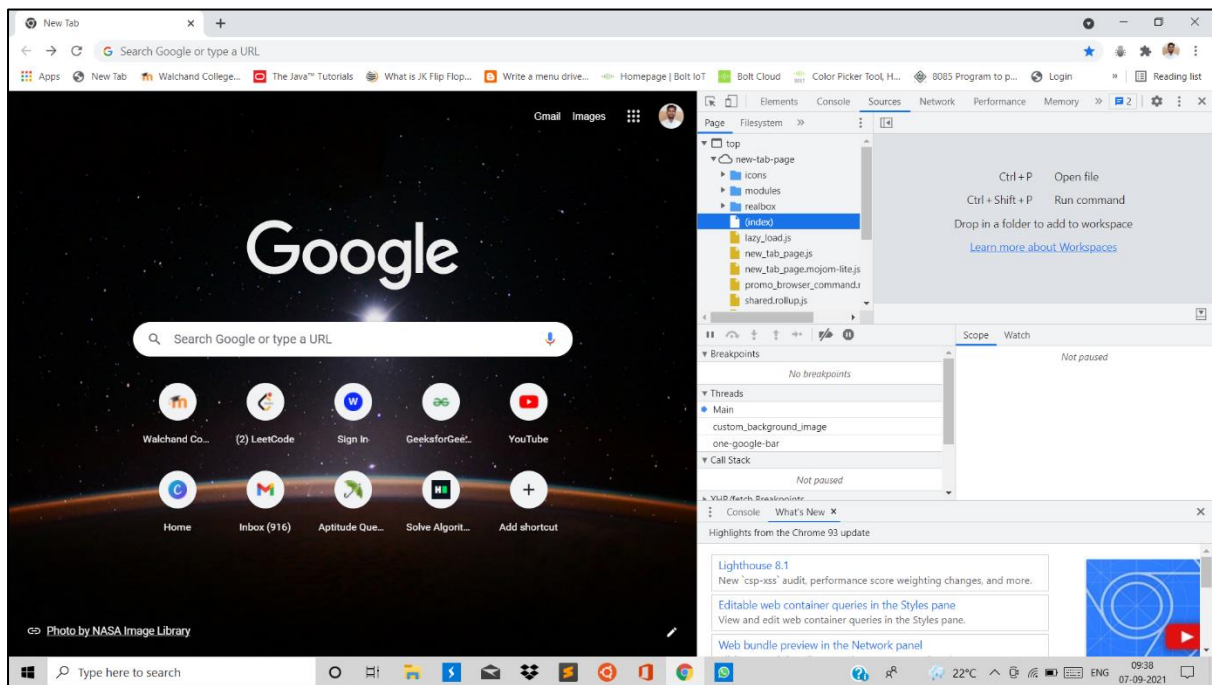

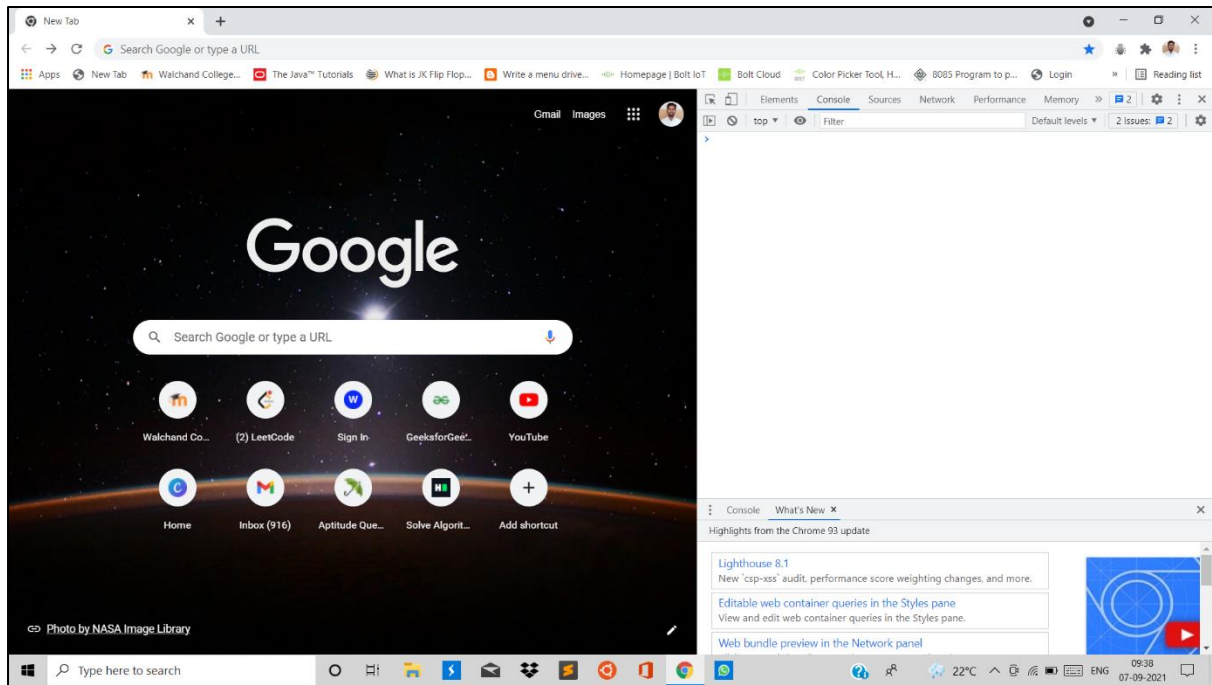

Batch : T1

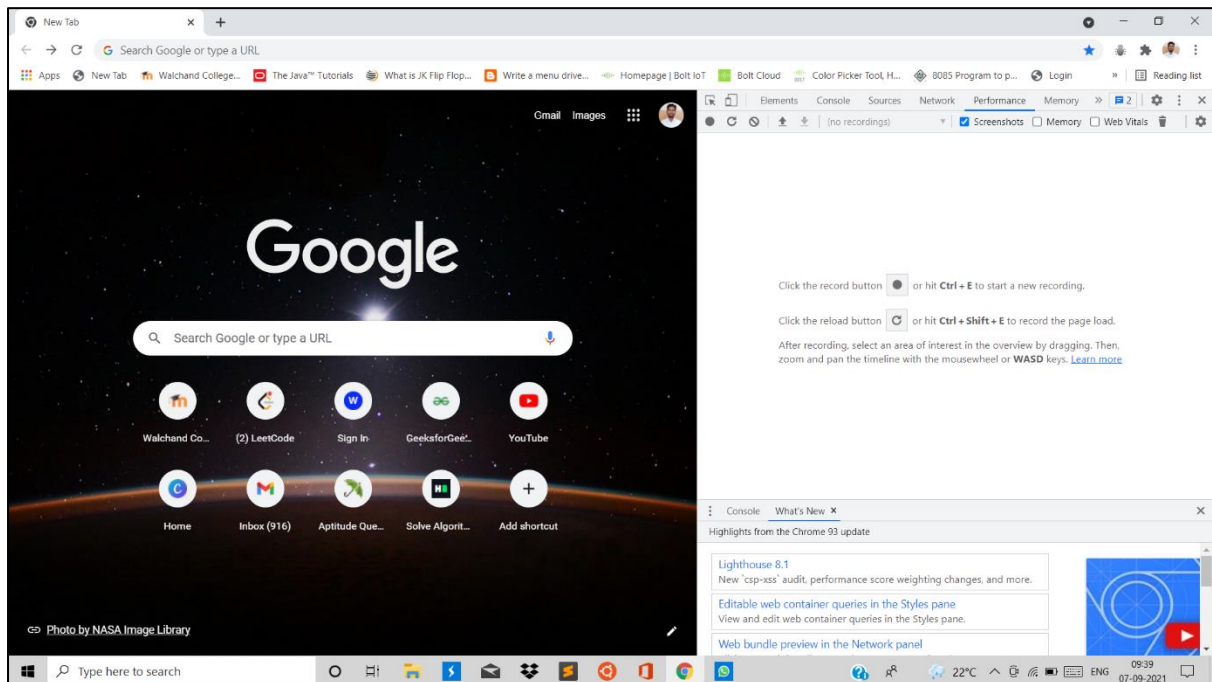

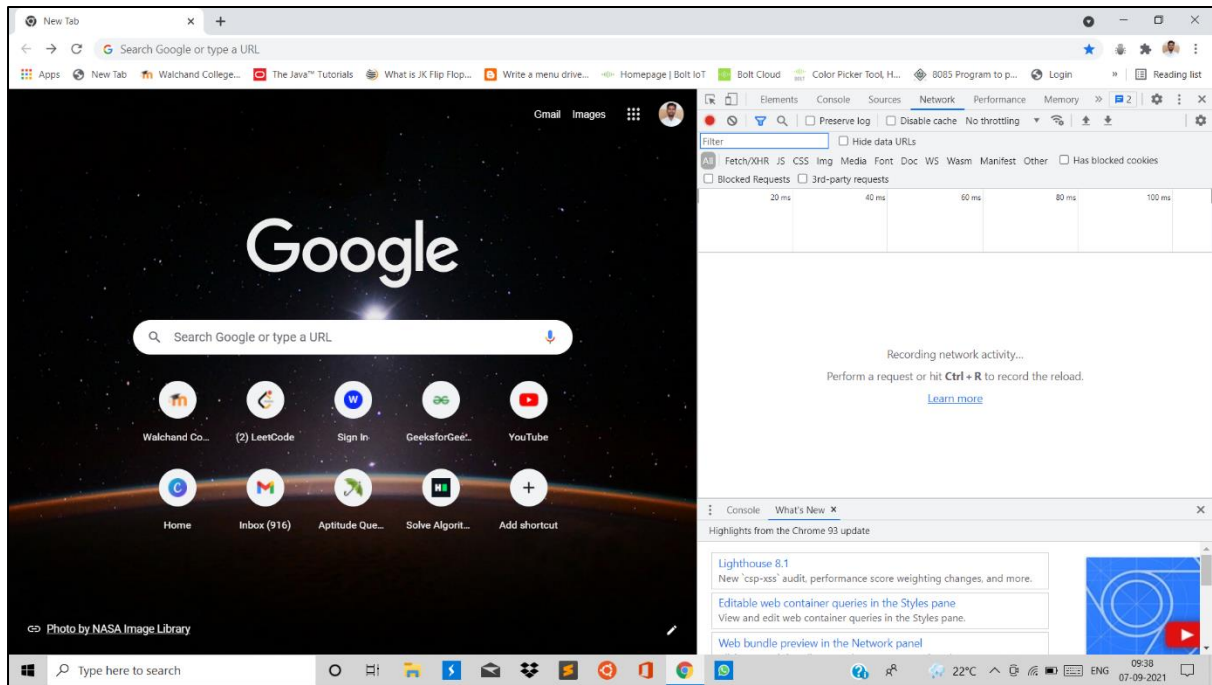

Problem Statement 1:

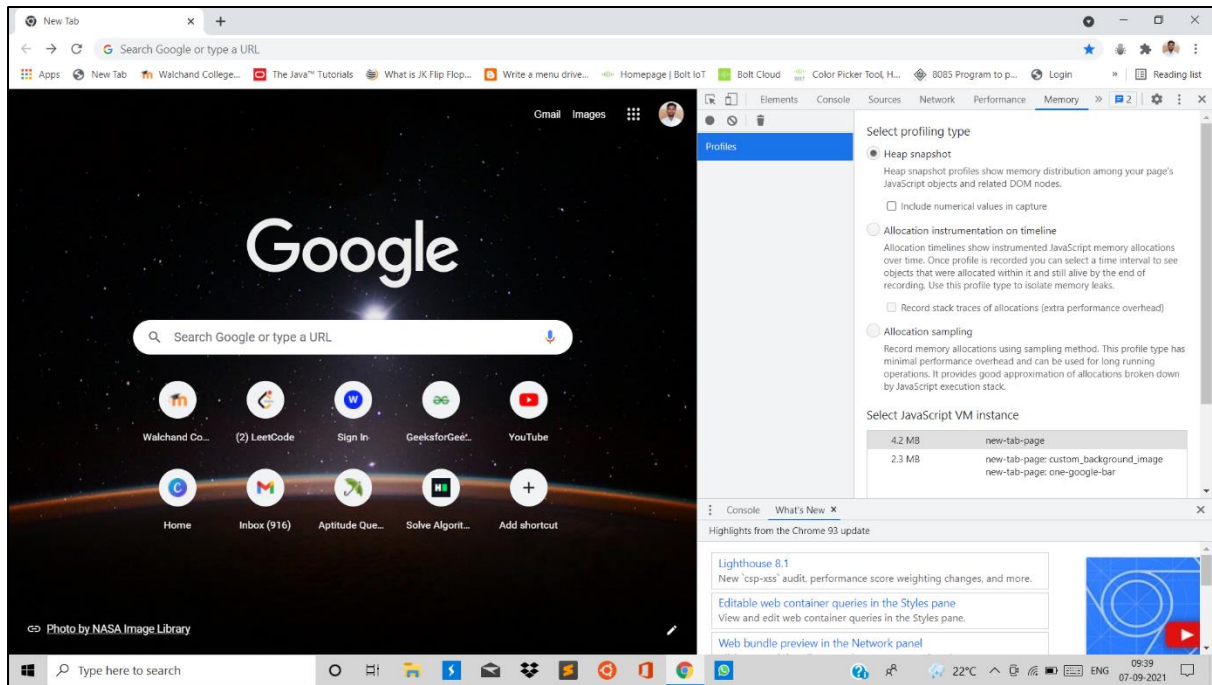

Install different web browsers on your machine. Go through the Developer Tools option of the browser.

Here, I've done installation for Chrome browser and viewed it's Developer Tools option. And the screenshots were taken are as follows.

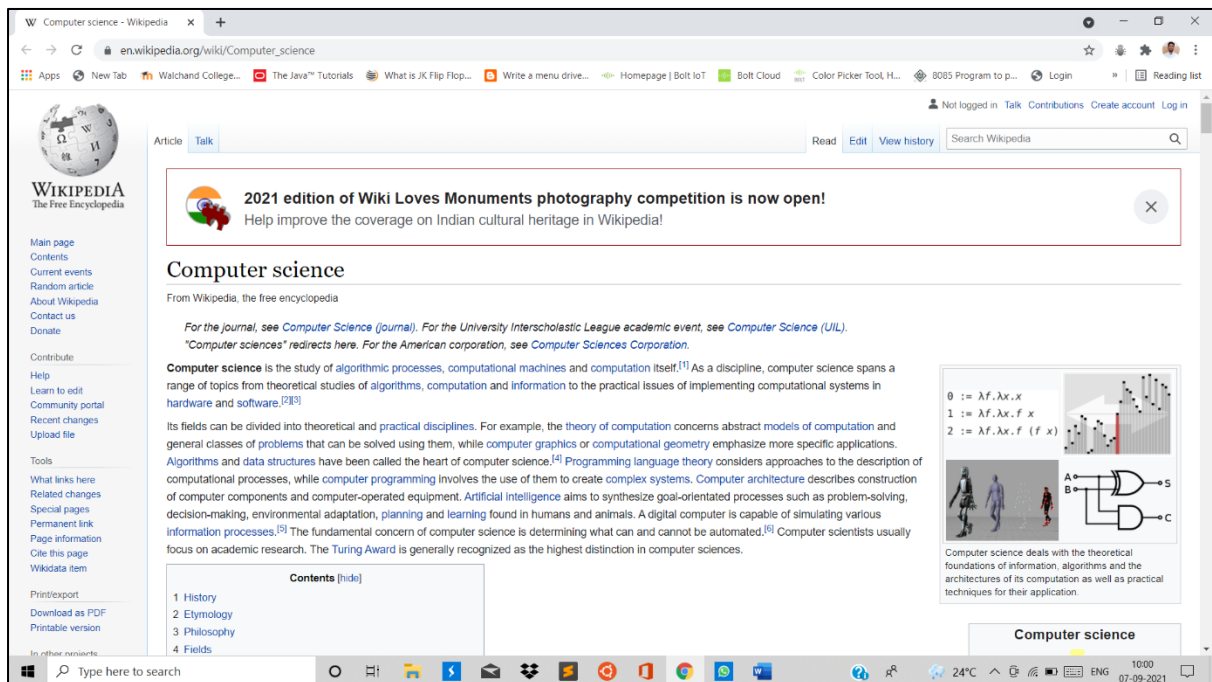

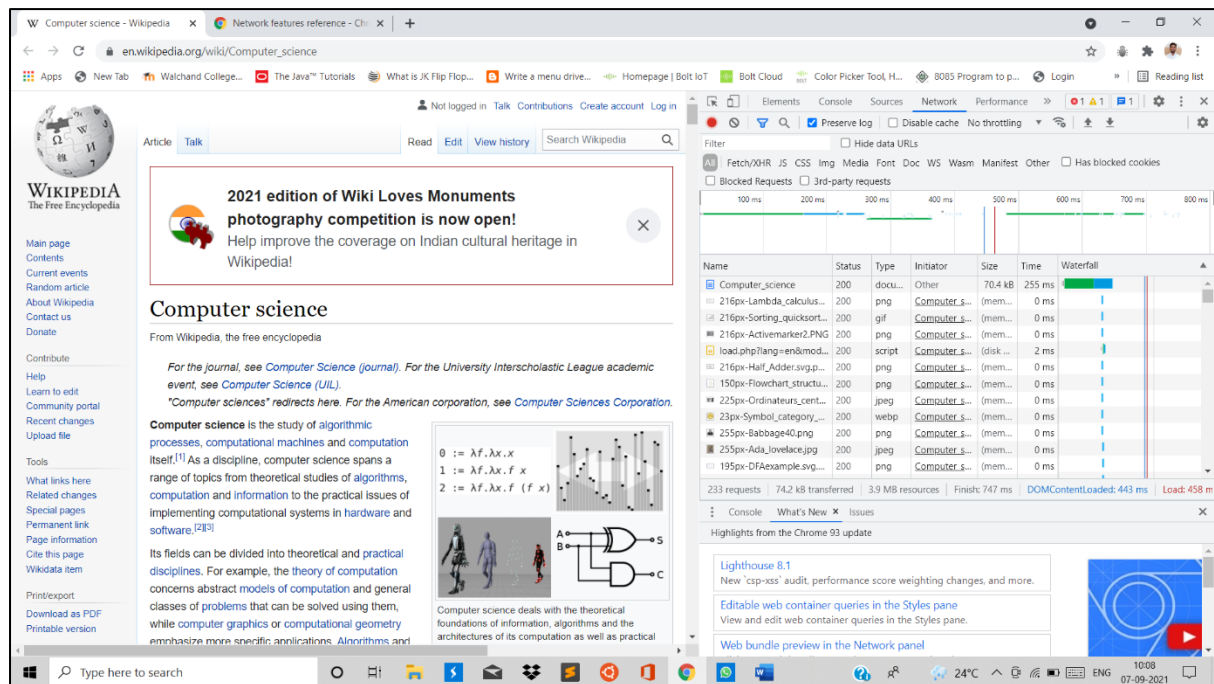

Problem Statement 2:

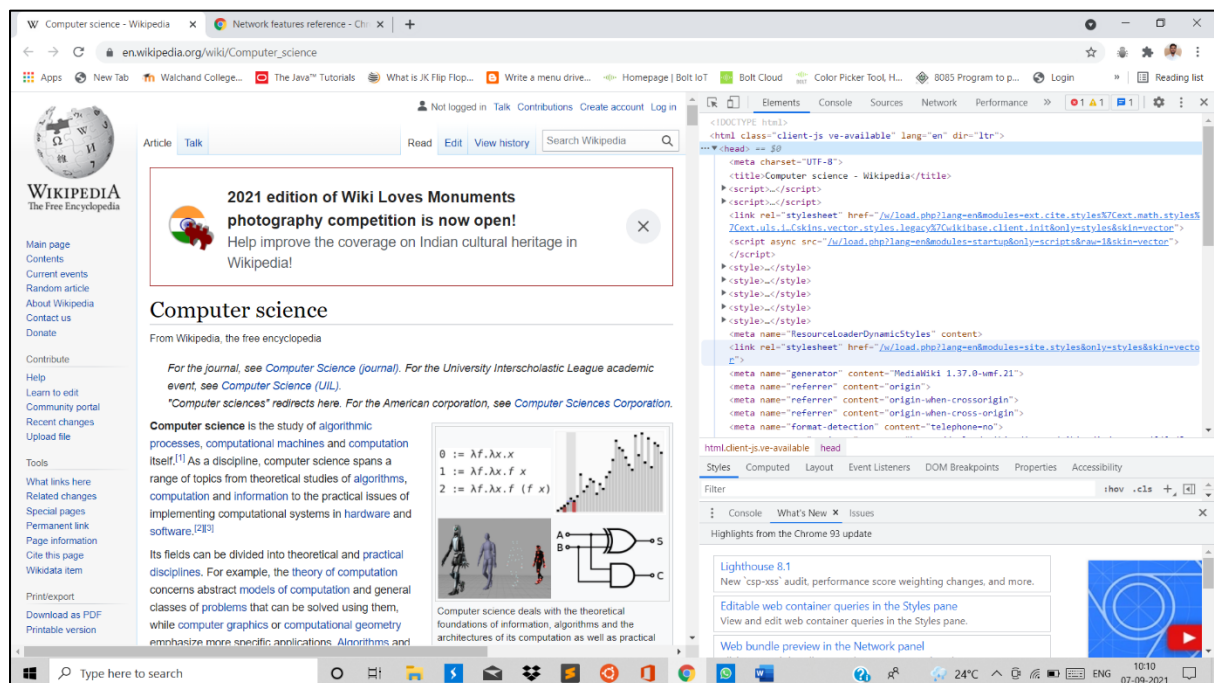

1. Visit https://en.wikipedia.org/wiki/Computer_science on various browsers.

2. Using browser's Developer Tools option find out how many requests-response cycles are needed to load the page fully on your machine?

3. Using browser's Developer Tools option get the header information of the page.

4. Using browser's Developer Tools option go through the DOM, CSS editor and JavaScript debugger options.
